

Software Centre

i IT Services strives to provide the College with the tools needed for success. Software Center will allow you to install a variety of licensed software, updates, and plug-ins on your own computer without having to contact ITS for assistance.

Note: The Software Centre self-service portal is not available for Apple MacOS based computers.

To find the Software Centre on your PC or laptop use the following instructions.

1. Select the search box and type "**Software**".
