

Course Topic Displays (Moodle)

Your instructor may choose one of two displays for course content -? collapsed or expanded.

Expanded View

1. Show all sections on the same page (everything is visible):

2. It may show only one section per page.

Collapsed View

In the above example, each week has the individual activities/resources listed in gray text (*i.e. Modules: Book: 1*).

1. To access the content, click on View Section Modules button

2. Use the forward/back arrow links to move forward or back one week/topic at a time.?
3. Use '**Return to main course page**' link to go back to the main course page.

Jump To

This function is at the bottom on all opened activities or resources. Use it to move forward, back, or jump to another section of the course.

The image shows a navigation bar with a light gray background. It contains two blue buttons with white text: "Goes to the previous Section" on the left and "Option to jump to other Sections" on the right. Below the left button is a red arrow pointing left and the text "Sample Quiz - Try Me!". Below the right button is a red-bordered dropdown menu with the text "Jump to..." and a small downward-pointing arrow on the right side. A blue arrow points from the right button to the dropdown menu.
