Anti-Virus Protection

All laptops and desktop computers issued to Selkirk College employees are loaded with **Microsoft Defender for Endpoint** virus-protection detection software.

Free **Home Use XG Firewall** from Sophos is a fully equipped software version of the Sophos XG firewall, available at no cost for home users. For more information about Sophos, *go to: https://my.sophos.com/en-us/download/* and *https://home.sophos.com/en-us/free-anti-virus-windows.aspx (for Macs and Windows)*
